Chapter 1: INTRODUCTION & LITERATURE REVIEW	1
1.1 Intelligence	1
1.1.(a) Emotional Intelligence	1
1.1.(b) Social Intelligence	3
1.2 Social Cognition	4
1.3 Social Cognition Deficit	5
1.3.1 Prevalence	5
1.3.2 Social Cognitive Impairment with Literature	5
1.4 Broader Autism Phenotype Concept	8
1.5 Autism and Social Cognitive Deficits	9
1.5.1 Theory of Mind	10
1.5.2 Emotional Processing	10
1.5.3 The Mirror Neuron System (MNS) Mu rhythm	10
1.5.3(a) The mirror neuron system (MNS) theory	10
1.5.4 Executive Dysfunction in autism	11
1.5.5 Weak central coherence theory	11
1.6 Mu Rhythm	11
1.6.1 Associated conditions with Mu rhythm and attenuation	12
1.7 Neurofeedback Technique	13
1.7.1 History and Development of NFT	14
1.7.2 NFT in Clinical Population	15
1.7.3 NFT in Healthy Population	15
1.7.4 NFT Intervention Studies (Indian)	18
1.7.5 Mu suppression to improve social cognition with typical and atypical population	18
1.7.6 NFT Intervention on social cognition in Autism	19
1.8 Social Cognition in Indian Population	19
1.9 Aim	20
1.9.1 Objectives	20
Chapter 2: METHODOLOGY	
2.1 Operational definition of variables	22
2.1.1 Intelligence	22
2.1.2 Social Deficit	22
2.1.3 Theory of mind	22
2.1.4 Mu rhythm	22

2.1.5 Typically developed population	22
2.1.6 Subclinical population	22
2.1.7 Clinical population	23
2.2 Research design	24
2.3 Sample	24
2.3.1 Sampling	24
2.4 <i>Measuring Tools and Instrument</i>	25
2.4.1 <i>Raven Standard Progressive Matrices (SPM)</i>	26
2.4.2 <i>Seguin Form Board Test (SFBT) 3-15 years</i>	26
2.4.3 <i>Autism Spectrum Quotient (ASQ- Adult)</i>	26
2.4.4 <i>Autism Spectrum Quotient (ASQ- Child)</i>	27
2.4.5 <i>Social Responsiveness Scale – 2 (SRS-2, Adult)</i>	27
2.4.6 <i>Social Responsiveness Scale – 2 (SRS-2, Child)</i>	27
2.4.7 <i>Vinland Social Maturity Scale (VSMS)</i>	27
2.4.8 <i>Reading Mind in the Eye Test Adult (RMIE- Adult)</i>	28
2.4.9 <i>Reading Mind in the Eye Test Adult (RMIE- Child)</i>	28
2.4.10 <i>Faux pas Test - Adult</i>	28
2.4.11 <i>Faux pas Test – Child</i>	28
2.4.12 <i>Phenomenological Level of performance</i>	28
2.5 Neurofeedback Instrument	29
2.5.1 <i>Procedure with TD and Subclinical Population</i>	29
2.5.2 <i>NFT Task and Feedback Regulation</i>	31
2.5.3 <i>Procedure with clinical population</i>	33
2.6 Data Preparation, Coding and Cleaning	33
2.7 Data Analysis	34
Chapter 3: ANALYSIS and RESULTS	
3.1 Objective 1	35
3.2 Objective 2	43
3.3 Objective 3	65
Chapter 4: DISCUSSION	77
Chapter 5: MAJOR FINDINGS and CONCLUSION	81
Chapter 6: LIMITATIONS & FUTURE DIRECTIONS	82
References	83
